

# What is the Safe Place Scheme?

The Safe Place Scheme is to help people with a disability be safer in the community

If people are harassed, bullied, scared or lost, they can get help in any places that display a Safe Place sticker

They can show their card to staff in Safe Places; it will have their name and the number of someone they trust

Safe Place staff will call the number on the card and allow the person to sit and wait for the trusted person to arrive

# Respect me
