WHAT PARTNERSHIP BOARDS HAVE TO DO ?

Valuing people said that Partnership Boards are, “to take responsibility for local delivery of the White Paper, led by the local council and with the active participation of all key stakeholders”

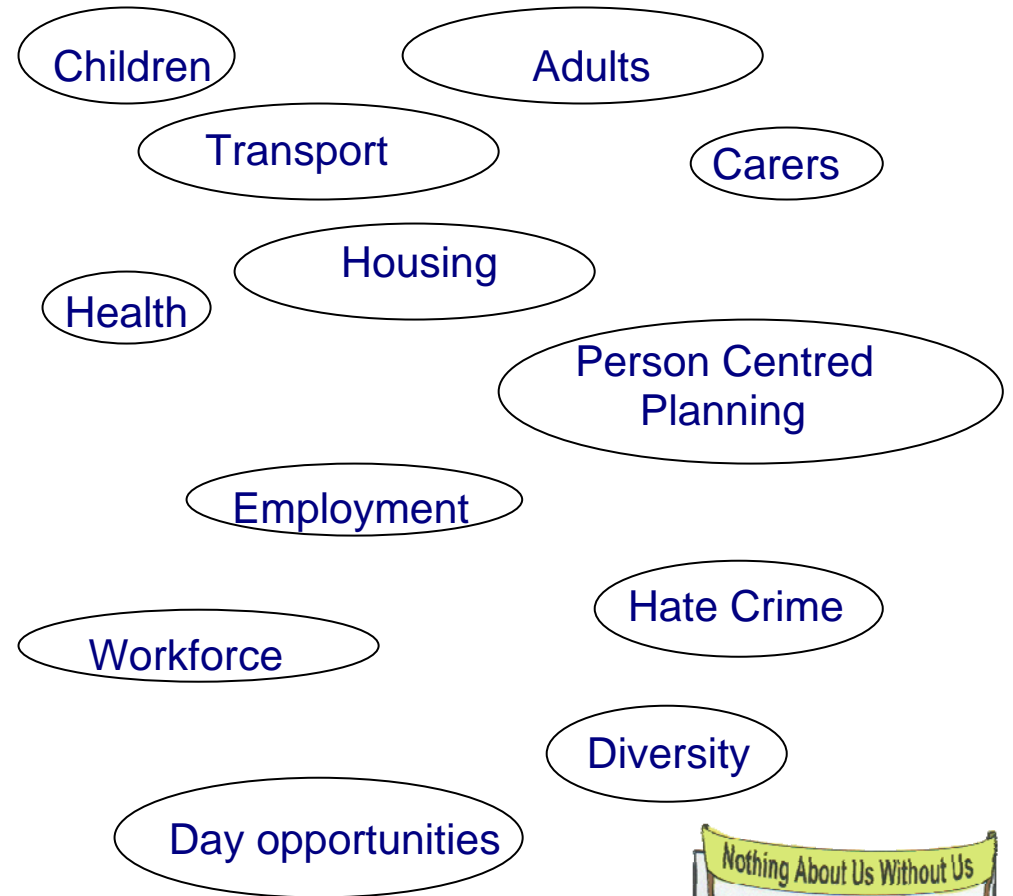

Tell us how we can help.

Think about services there are for people with learning disabilities and their carers and making sure they are what people want. Asking the people who lead to tell us what is happening.

The Partnership Board thinks about what is happening for: -

And other things that people tell us are important.
